CAREER OBJECTIVE

I am a seasoned professional with a strong background in web development, mobile app development using Flutter and a product researcher. With one year of experience in web development, I have honed my skills in front-end development, crafting dynamic and user-friendly websites. Additionally, my proficiency in Flutter allows me to develop cross-platform mobile applications with stunning UIs and smooth performance. In product research, I excel at gathering insights, analyzing market trends, and identifying user needs to inform strategic decision making and product development processes.
